

## Visual Arts

### Objectives:

1. To expand students' senses, with special emphasis on visual, aesthetics and arts experience;
2. To encourage students to involve in artistic presentations for the expression of personal feelings and thoughts;
3. To develop students' visual cognition, generic skills and metacognition through art making, appreciation and criticism.
4. To explore students' pluralistic scopes of view through the experience of diversified cultures, thus cultivating their unique points of view; and
5. To cultivate students' affection, personal refinement, morals and sense of commitment of the nation and the world through the nourishment of the arts.
